**Email:** cbardeen951@gmail.com

Will SENEL noise analysis be done <sup>in addition to</sup> ~~instead~~  
of CNEL?

What limits can you put on hours, engines,  
etc. with FAA permission?

- concerns on impacts on air quality for EJ communities in surrounding area
- project cannot be voted on before a tenant is found ??? Makes no sense. What's the point of a community meeting if you don't have people available to answer questions about the EIR.
- I ask to be notified when the next public meeting is for this project. And thank you for wasting my valuable time. ☹️

SINCE T215 IS STALLED MOST OF THE TIME

& VAN BUREN IS DESIGNATED NOT FOR

FREIGHT TRAFFIC, WHERE WILL ALL THE

TRUCKS GO.

THIS PROJECT NEEDS A SEPARATE

RUNWAY & CONTROL TOWER TO AVOID AIR ACCIDENTS

No more warehouses. No more flights. Freight

This project serves only 1 purpose. #

Time for Lee's group to go!

\* not comfortable with decreased property values, increased degradation to freeways, surface streets, increased noise, pollution (even with decreased proposed flights). Also, uncomfortable due to vague and ambiguous occupants. enforceable

\* not confident that guidelines are ~~enforceable~~ due to lack of penalties & vague users

\* concerned about lack of evacuation

via  
access freeways

- I have very strong concerns over the following:

1) Noise pollution

2) Air pollution

3) Truck traffic in Riverside  
carrying/delivering cargo

4) Flight path variations

5) The condition of our roads

due to increased truck traffic  
6) Home property values (over)

7) Age of aircraft being flown over our homes.

Truck concerns - too many more for cargo - Need  
Full time truck enforcement paid by the cargo  
groups to keep them out of residential areas.  
Fines to trucks & planes who violate rules

We don't want a commercial  
airport. No tenants.

Don't have a use. Don't know  
impacts.
